

Chiltern Transport & Warehousing Limited

Environmental Policy

General Statement

The Chiltern Companies recognises that its activities impact upon the environment both through its routine operations, its future development and through its influence and effects on its drivers, suppliers and sub-contractors. The Chiltern Companies acknowledge a responsibility for and a commitment to, protection of the environment. The Chiltern Companies will endeavour to comply fully with environmental legislation and is in addition, committed to continued efforts in the following areas:

- Promote environmental management policies and practices;
- Increase awareness of environmental responsibilities among our staff;
- Minimise waste and pollution and operate an environmentally sound waste management systems;
- Endeavour to reduce the consumption of fossil fuels and to incorporate long term strategies for energy efficiency into future development;
- Continue to encourage staff to use modes of transport that will minimise the environmental impact, and to apply environmentally friendly principles to the purchase and operation of Company owned cars;
- Reduce water consumption;
- Promote a purchasing policy which will give preference, as far as practicable, to those products and services which cause the least harm to the environment;
- Avoid wherever practical the use of environmentally damaging materials and processes;
- Work with local, national and other agencies to promote environmental policies;
